

Australian Payments Council Update

17 December 2015

The Australian Payments Council met for the fifth time on 10 November 2015 to discuss matters of strategic importance to the Australian payments system and the payments community.

At that meeting, the Council noted the appointment of Ms Michele Bullock (RBA) and expressed appreciation for the contribution made by departing member Mr Keith Hall (RBA).

The Council endorsed the Australian Payments Plan and further reviewed the progress of research work on cyber security and digital identity. The Council also approved a new funding formula so that Council and Community activities, particularly in respect to implementing the Australian Payments Plan, could be progressed.

The Council will next meet on 8 March 2016.

Mark Birrell
Chairman
